# Juneteenth Jubilee ASSOCIATION MISSION

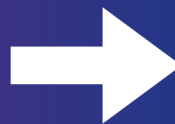

Our mission is to strengthen community resources by fostering collaboration among diverse organizations and connecting visionary leaders. We are dedicated to providing sustainable business opportunities that uplift local enterprises and create a thriving ecosystem. Through effective advertising, we aim to amplify the voices of local businesses, ensuring their growth and impact within the community. Together, we are committed to making a lasting difference, enriching lives, and building a resilient, interconnected community for generations to come.

# Why an Art Auction, you ask?

Art has always been a profound medium for expression, storytelling, and cultural preservation. However, beyond its aesthetic and cultural significance, art holds substantial financial value. Collecting art is more than just an investment in beauty; it is a strategic financial move that can provide long-term benefits and security.

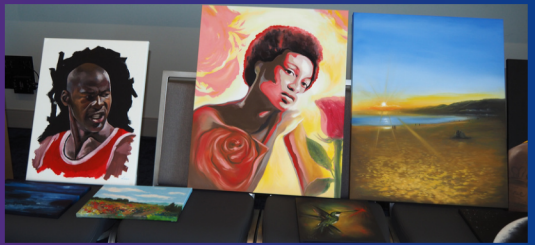

**Insurable Asset**

Juneteenth Jubilee Art Committee

# Insurable Asset:

Art, unlike many other collectibles, can be insured. This means that its value is recognized and protected, making it a secure investment. In times of financial uncertainty, having a portfolio that includes insured assets can offer stability and peace of mind.

Appreciation 

Juneteenth Jubilee Art Committee

# Appreciation Over Time:

Historically, fine art has shown the potential to appreciate significantly over time. Works by emerging artists today could be worth exponentially more in the future, providing a robust return on investment.

**Generational Wealth** 

Juneteenth Jubilee Art Committee

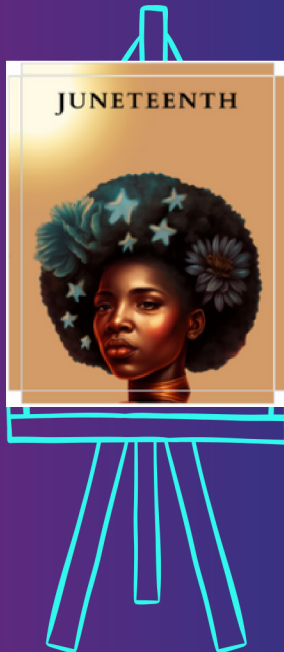

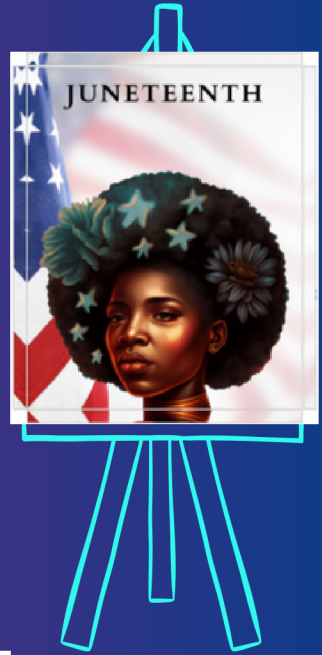

# Generational Wealth:

Passing down art through generations is not only a way to preserve cultural heritage but also to transfer wealth. Art collections can become treasured family assets, contributing to the financial legacy you leave behind.

# Mrs. June

All rights to use

Afraid of Critical Race Theory

Larry Kenneth Alexander

These small but significant contributions from each member collectively form the backbone of our funding, enabling us to plan and execute a variety of enriching experiences. From educational field trips to innovative scholarships, member dues ensure that we can provide opportunities that ignite curiosity and foster learning. By supporting our organization through these dues, members are directly investing in the future of our community's youth, paving the way for a brighter, more informed generation.

These funds make it possible for us to organize field trips that broaden horizons, offer scholarships that open doors to higher education, and provide other stimulating activities that fuel the imagination. Each member's support is a step toward nurturing young minds in the realms of Science, Technology, Engineering, Arts, and Mathematics (S.T.E.A.M), ultimately contributing to the economic growth and vitality of our community.
